ARTICLE BEGINNING

1993 ACCESSORIES & EQUIPMENT
Volkswagen Wiper/Washer Systems

Volkswagen; Corrado SLC

DESCRIPTION

All models are equipped with 2-speed wipers. A standard or optional intermittent feature is also available. The wiper control is the right lever on the steering column. Some models are equipped with a rear wiper/washer system.

ADJUSTMENTS

WIPER BLADE

To adjust wiper blade park position, ensure wiper motor is at park position. Locate wiper blade(s) above lower edge of windshield as specified. See WIPER BLADE PARK POSITION SPECIFICATION table. Secure wiper arm.

TESTING

Testing information is not available from manufacturer.

REMOVAL & INSTALLATION

FRONT WIPER MOTOR

Removal

Open hood, and unplug wiring connector. Pry linkage off motor crank arm. Remove mounting bolts and motor. DO NOT remove motor bracket when removing motor.

Installation

Check crank arm alignment by running motor and allowing arm to park. Ensure crank arm is properly aligned. See Fig. 1. To complete
