Financial opportunities of the municipal budget in the decision of social-demographic questions 35

Mikhailov K. V.
Program implementation of approximation algorithm for functions of n-variables 48

Stepanov D. N.
Use of XS technology in development of information system of Pereslavl University 55

Burmistrova I. V.
Pricing in power engineering on example OAO "Yaroslavskaya market company" and OOO "Pereslavsky technopark" 62

Abramov N. S.
Watchdog-4 software development 74

Bazarkina Y. V.
Birth rate in the Russian Federation: analysis and forecasting 80

Shevchuk A. Y.
Etherbox2 language compiler 91

Sokratova M. S.
Updating of an estimation indicators of a town labour market 100

Gerber E. A.
Numerical simulation of the dynamics of the liquid ring 109

Lezhneva Ju. A.
The Problems of Pereslavl-Zalessky's Employment Center 115

Zemlyakov A. V.
The distribution and support subsistem. Updates installer *128*

Patrikeev E. M.
Automatic Synthesis of Parallel Programs *133*

Sokratova D. S.
Current state and problems of development of automation of the account of wages at Open Company "Center DITS" *143*

Tihonova O. V.
Optimization of the expenses about waste management is stud it *151*

Titov A. E.
The Development of Paper Medicine Cards' Archive Subsystem *159*

Petrov S. K.
Development and realization of multipurpose editor of Oracle's data bases tables *163*

Volkova T. M.
Assessment of housing for the population of Pereslavl-Zaleski *170*

Artamoshkin D. L.
Software for base module of sensor network with GSM interface *179*

Dunaeva O. A.
On the estimation of latent period for synaptically coupled spiking neurons *183*

Maksimov A. A.
Cellular automaton in the problem of finding specified pattern in the binary image *188*

Pimenov M. Y.
Faults justification method for complex electrotechnical systems *194*

Solomatin K. A.
Working out and introduction of automation of program ASIOU School 4.0 in management of formation of a city administration Pereslavl-Zalessky *202*

Bokov A. A.
Meat production in Russia and the level of food security *208*

Stepanov E. N.
Algorithmic maintenance and software for data clusterization in collaborate filtering systems *215*

Shnurchenko I. V.
The distribution and support subsystem. Interin Update Packages Creator *218*

Ten A. O.
The calculation of optimum mashinary worktime at join-stock company "Nordenia Slavnika" *223*

Goryunova S. I.
Sale production analysis of self-sustained organization subdivision "Photobumaga" *230*

Palakyan A. L.
Business planning of economic activity for Company "Russkie kolbasy" *238*

Author index *249*

Author index in Russian *253*

Contents *257*

Contents in Russian *260*
